EASY     DIFFICULT

ENGLISH Thank you for choosing this premium product from SW-MOTECH. Visit our online shop for more information (e.g. model assignments). Required documents (e.g. national type approval) are available there for you to download.

Please read and understand all the instructions, safety information and warnings in these mounting instructions before mounting and using the product in order to avoid injury and damage. Keep these mounting instructions for reference.

This product was developed for vehicles in factory condition. Compatibility with original accessories or accessories from other manufacturers cannot be guaranteed.

These mounting instructions have been prepared to the best of our current knowledge. No legal claims relating to accuracy can be made. Errors and omissions excepted. We reserve the right to make technical and design changes. The copyright is held by SW-MOTECH.

SAFETY WARNING SYMBOL

 This warning symbol is used in these mounting instructions to warn of deadly dangers, injuries or other hazards. The words **DANGER**, **WARNING** or **CAUTION** are used as part of this warning symbol to convey important safety messages and information relating to the installation and use of this product. These words, together with the safety warning symbol, mean:

 **DANGER:** Indicates a hazardous situation which, if not avoided, will result in death or serious injury!

 **WARNING:** Indicates a hazardous situation which, if not avoided, may result in death or serious injury!

 **CAUTION:** Indicates a hazardous situation which, if not avoided, may result in minor or moderate injury!

 **NOTE:** Important information, but not relating to a risk of death or injury (property damage only)!

GENERAL INFORMATION

 **WARNING:** Assembly and/or maintenance of this product requires advanced technical skill, appropriate tools, and a good understanding of tool usage and torque specifications. For your own safety, SW-MOTECH recommends having the assembly and/or maintenance carried out by a qualified and certified motorcycle workshop.

 **WARNING:** If you do choose to assemble this product yourself, carefully and fully read the mounting instructions before assembly and use, and follow all instructions to avoid serious injury or death. Also observe all relevant information in the vehicle manual when mounting or using the product. IF YOU DO NOT UNDERSTAND ANY PART OF THESE MOUNTING INSTRUCTIONS OR NEED AN EXPLANATION AS TO A SPECIFIC INSTRUCTION, DO NOT ATTEMPT TO INSTALL THIS PRODUCT WITHOUT CONSULTING SW-MOTECH FOR ASSISTANCE!

PREPARATION: Read the mounting instructions carefully and make sure that all parts on the parts list are available.

 **CAUTION:** Ensure that your vehicle is standing securely. Switch off the engine and remove the ignition key. Allow the engine/exhaust to cool down if necessary. Disconnect the battery when working on the electrical system. Only use proper tools and always wear safety goggles and gloves during assembly and maintenance. Have a second person help you with assembly and maintenance.

ASSEMBLY: All parts and connections removed from the vehicle must be reinstalled according to the vehicle manufacturer's specifications or replaced with parts and hardware supplied by SW-MOTECH.

 **WARNING:** Secure all threads with a medium-strength liquid threadlocker, unless otherwise specified.

 **DANGER:** Tightening torques not defined by SW-MOTECH must be obtained from the vehicle manufacturer or a certified motorbike workshop.

FUNCTIONAL CHECK: After mounting the product, ensure that no moving parts are obstructed and that the function of the vehicle is not impeded. Cables and hoses must not rub against each other and/or be hindered in any way.

 **WARNING:** Carry out a comprehensive functionality check before you start to drive. Check the tightening torque of all connections and the tight fit of the product after the first 50 km and then at regular intervals. Mounted accessories can change the handling and stability of the vehicle.

- ⚠ **WARNING:** Always wear eye and hand protection!
- ⚠ **WARNING:** Always use suitable tools!

⚠ **NOTE:** The following steps illustrate how to mount the **right side carrier**.
Mount the **left side carrier** in the same way.

Remove the passenger footrest holder and luggage hooks from the vehicle.

2

⚠ **NOTE:** Steps [2] to [3] are not in chronological order; they are used to illustrate specific mounting situations.

⚠ **NOTE:** If installing the rack at the same time (-), screw the parts together as shown in the detailed drawing. The spacer (4) is not required. Instead, use the spacers included with the rack (-).

YAMAHA XT700Z (2025 -)

Screw the side carrier (1) together with the passenger footrest holder onto the vehicle.

⚠ **WARNING: Use liquid threadlocker!**

Tighten screws (2) and (6) according to the bike manufacturer's specifications.

3

⚠ **NOTE:** Steps [2] to [3] are not in chronological order; they are used to illustrate specific mounting situations.

⚠ **NOTE:** If installing the rack at the same time (-), screw the parts together as shown in the detailed drawing. The spacer (4) is not required. Instead, use the spacers included with the rack (-).

YAMAHA XT700Z (2023 -)

Screw the side carrier (1) together with the passenger footrest holder onto the vehicle.

⚠ **WARNING: Use liquid threadlocker!**

Tighten screws (3) and (6) according to the bike manufacturer's specifications.

4

Screw the base [8] to the side carrier [1].

▲ WARNING: Use liquid threadlocker!

Tighten the screws [9] as specified in the mounting instructions.

PRODUCT-SPECIFIC NOTES

⚠ DANGER: The maximum load indicated per side carrier/vehicle side includes the weight of the case/luggage and adapter kit! The maximum load capacity as specified by the vehicle manufacturer applies!

≤ 10 kg (≤ 22 lbs)

≤ 130 km/h (≤ 80 mph)

⚠ NOTE: The side carrier was designed exclusively for use with SW-MOTECH adapter kits and luggage solutions.

⚠ WARNING: Ensure that any luggage attached to the side carrier does NOT come into contact with the exhaust flow of a modified exhaust system! Risk of burns!

⚠ WARNING: The side carrier is NOT suitable for offroad use!

⚠ NOTICE: Be sure to follow all country-specific regulations for the registration and operation of your vehicle, as well as any applicable TÜV regulations. Any parts requiring registration should be entered into your vehicle documents after installation by your inspection authority.

PARTS LIST - READ AND KEEP MOUNTING INSTRUCTIONS!

1

BC.HTA.00.401.20000

 1/1

3

BC.ZUB.00.160.001.00

 1/1

Attaching the side bag to the V-LOC side carrier

1.1 - The V-LOC connector for the (1) side bag is delivered in the locked position.

1.2 - Before using the (1) side bag for the first time, pull the release strap until the mechanism clicks into place. The (1) side bag is now ready for use.

1.3 - Gently press the V-LOC connector for the (1) side bag onto your V-LOC side carrier. The locking mechanism triggers automatically. Check that the (1) side bag is securely attached to the V-LOC side carrier.

Pull the release strap to detach the (1) side bag from the V-LOC side carrier. The (1) side bag can then be removed.

2

Closing the side bag

2.1 - Connect the hook-and-loop parts of the binding.

2.2 - Connect the Velcro strips for the binding; then roll up the binding **three times**.

2.3 - Guide the lid's fastening strap over the (1) side bag...

2.4 - ... and insert the buckle plug into the opening for the V-LOC connector. Tighten the fastening strap securely to prevent the excess length from fluttering.

2.5 - Press the button to release the buckle.

Loading the side bag

⚠ WARNING: Ensure that the load is evenly distributed! Ensure that the load will not slip while driving!

⚠ NOTE: Make sure that you never store sharp-edged, pointed, or similar objects that could cause injury to persons or damage to the bike or the side bag.

⚠ NOTE: Only attach designated SW-MOTECH products to the **MOLLE** system!

Use the (2) waterproof inner bag to further protect your luggage from moisture.
 Close the binding for the (2) waterproof inner bag and roll it up **three times**.
 Fasten the (2) waterproof inner bag with the buckles.
 Attach the (2) waterproof inner bag to the three Velcro strips on the inside of the (1) side bag.

Allow the (1) side bag and (2) waterproof inner bag to dry separately to avoid mildew stains.

Caring for the side bag

For cleaning, use **ONLY** a soft textile brush, cloth or sponge and warm soapy water! Then rinse with clean water.

Do NOT use any harsh cleaning agents, abrasive cleaning utensils or pressure washer!

Be sure to thoroughly clean the side bag after winter rides in order to prevent damage caused by salt.

⚠ NOTE: Surface materials may be subject to colour changes (fading) as a result of prolonged and intense exposure to sunlight and environmental influences (e.g. smog, acid rain). SW-MOTECH assumes no liability for this.

PRODUCT-SPECIFIC NOTES

⚠ NOTE: Observe the country-specific regulations for the registration/operation of your vehicle and any applicable TÜV regulations. Have any parts requiring registration entered in the vehicle documents by your inspection centre after they have been installed.

⚠ DANGER: This product is **NOT** suitable for off-road use!

⚠ DANGER: Ensure that the product is properly positioned before departure and at every rest stop (every 200 km)!

⚠ DANGER: The vehicle's driving/braking behavior will change noticeably once this product is attached!

⚠ DANGER: Lean angle and ground clearance may be restricted by this product!

⚠ DANGER: The maximum payload of the vehicle as defined by the vehicle manufacturer, as well as the maximum permissible payload of the SW-MOTECH side carrier, must **NOT** be exceeded, taking into account the product's own weight!

Weight of **Legend Gear 11L side bag:** 1.8 kg (4.0 lbs)

Weight of **Legend Gear 16L side bag:** 2.1 kg (4.7 lbs)

Weight of **WP 11L side bag:** 2.1 kg (4.7 lbs)

Weight of **WP 16L side bag:** 2.3 kg (5.0 lbs)
