

WHEEL CLEANER

Rim cleaner with active gel formula

Description

Acid-free rim cleaner with an active gel formula for fast, gentle and easy cleaning of all steel and alloy rims. Removes all kinds of tough dirt such as road dirt, brake dust and tar and oil residues. Soft cleaning and corrosion protection for steel and alloy rims.

Advantages

- highly adhesive gel formulation
- removes dirt thanks to the active gel formula
- 360° application
- acid-free
- no rust on brake discs
- biodegradable

Field of application

Cleans all steel and alloy wheels of cars, trucks or other vehicles.

Application

Hold the bottle around 20 cm away and spray the rims evenly all over from top to bottom. Leave the active formula to work for five to ten minutes. Work into the rims with a sponge or rim brush depending on the amount of dirt before rinsing thoroughly with a powerful water jet.

Notes

Do not allow to dry up and do not use on hot rims or in direct sunlight.

Technical data

Properties	Unit	Test according to	Values
Colour			dark green
Density at 20 °C		ASTM D4052	1.091
Odour			lemon
pH-value		DIN 51369	8.3
VOC			0,00
